To determine whether a certificate of public convenience and necessity shall be issued, the Mulvane Emergency Services Department shall take into consideration that the systems of transportation are rendering the service required to meet the needs of the public and whether persons in lawful operation of ambulances operating under a certificate and a license issued under the provisions of this Chapter are capable of rendering service required to meet the needs of the public, the financial responsibility of the applicant, and all other facts which are necessary to determine whether public convenience and necessity requires the operation of additional ambulance service within the corporate limits of the City.

Section 230.220. Revocation or Suspension of License or Certificate for Failure to Comply With Chapter. [CC 1985 §6-613; Ord. No. 935, 12-23-1991]

- E. Any licensee who fails to render good service to the public after ten days' notice from the Mulvane Emergency Services Department of the failure to render good service to the public shall be subject to having its license and certificate of convenience and necessity suspended or revoked as herein provided.
